SkinSync

An **AI-powered skincare system** designed to deliver **personalized, adaptive, and effortless skincare solutions for men**. SkinSync simplifies the skincare routine while providing optimized formulations tailored to individual needs.

1 *SkinSync App*

Companion app that conducts **skin diagnostics** through image analysis, track skin condition in **real-time integrates environmental data** (e.g., humidity, UV index), and recommends the optimal skincare formulation each day.

2 *SkinSync Dispenser*

Analyzes user data and automatically dispenses a **customized** blend of **active ingredients**

Front View *Back View*

3 *The Pods*

Eco-friendly, refillable pods containing concentrated actives

Active Ingredients

Hyaluronic Acid · Niacinamide · Vitamin C · Ceramides · Peptides

35ml Refillable Pod

CONSUMER JOURNEY

A flawless, **AI-powered skincare** experience for men who want effortless, **personalized skincare** without the complexity of multiple products. SkinSync analyzes, adapts, and dispenses the exact formulation needed in **real time based on skin condition, lifestyle, and environment**.

Recycle Empty Pods & Earn Rewards

#SkinSyncedRevolution

A campaign that drives engagement through interactive skin analysis and sustainable rewards.

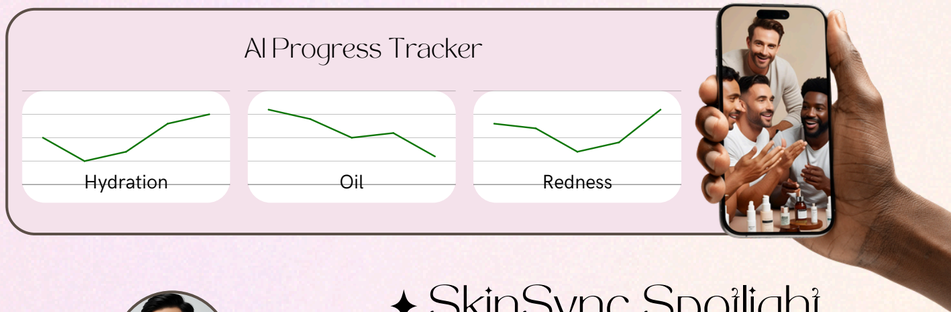

✦ Sync and Win

Sync and Win is an exciting challenge for SkinSync users to showcase their skincare journey and "before and after" transformations. Led by male social media influencers, the challenge features "Get Ready With Me" or tutorial videos demonstrating how to use the product. The best transformation videos will get discounts for their next SkinSync pod refills. For example, users can participate in Tiktok challenges like "Oil-Free Skin in 30 Days" to put their results to the test using the #SkinSyncedRevolution hashtag.

Skin Journal ✦

With the aid of AI, users can track their progress through regular skin analysis. Levels of hydration, oil prodution, redness, etc. will be measured. Users have control over their Skin Journal whether to keep it private or make their diaries public. They may opt to post their daily or weekly skin progress, interact with other users, and build a supportive skincare community.

CAMPAIGN

✦ SkinSync Spotlight

There will be a monthly SkinSync Spotlight that showcases top user journeys. Spotlights are based on point rewards accumulated from Skin Journal progress, Sync and Win challenge participations and sending back empty pods for repurposing and recycling.

IMPACTS

Inclusivity

Simplifying Skincare for Men

SkinSync bridges the gap in men's skincare by providing **AI-driven** and **real-time diagnostics** of men struggling to choose skincare products. It makes effective skincare more accessible including the **2.2 billion visually impaired individuals** *(WHO, 2023)* via voice activated features.

Sustainability

Cutting Plastic Waste with Refillable Pods

SkinSync minimizes plastic waste with refillable pods, addressing the **114 billion single-use packaging waste crisis** in the beauty industry *(Industry Beauty, 2024)*.

Scalability

Using AI for Growth in Men's Skincare

SkinSync's **AI-driven subscription model** ensures continuous usage and market expansion, aligning with the skincare market's **7.7% compound annual growth rate (CAGR)** projection from 2024 to 2030 *(Grand View Research, 2023)*.

Technology

AI-Driven Customization for Maximum Effectiveness

SkinSync's **AI-Powered dispenser** adjusts formulations based on real-time skin and environmental data, which help boost **user satisfaction.** With the **AI skincare market projected to reach $937.13 billion by 2030,** SkinSync leads the next generation of smart skincare *(Grand View Research, 2023)*.

Feasibility

Seamlessly Integrating Skincare into Routines

By integrating with **Apple Watch, Fitbit, and Oura Ring**, SkinSync **personalizes skincare** based on **real-time sleep, sweat, and stress data.** This seamless adaptation enhances user experience by ensuring that skincare aligns with **daily lifestyle factors**. L'Oréal's previous success with **AI-driven skincare innovations**, such as ***Perso*** and ***Modiface***, further reinforces the **market demand for smart, data-driven beauty solutions,** making SkinSync a **natural and viable addition to the industry**.
